#### **Independent Auditor's Report**

Board of Trustees CRISTA Ministries Shoreline, Washington

We have audited the accompanying consolidated financial statements of CRISTA Ministries ("the Organization") which comprise the consolidated balance sheets as of June 30, 2015 and 2014, and the related consolidated statements of unrestricted activities, changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

T: 425-454-4919 T: 800-504-8747 F: 425-454-4620

10900 NE 4th St Suite 1700 Bellevue WA 98004

### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2015 and 2014, and the results of its unrestricted activities and change in nets, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary information on pages 32 through 33 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Certified Public Accountants September 17, 2015

See accompanying notes.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 1 - Nature of Operations and Significant Accounting Policies

Business Purpose and Organization - To Love God by Serving People.

CRISTA Ministries, headquartered at 19303 Fremont Avenue North, Shoreline, Washington 98133-3800, is a Christian not-for-profit organization made up of seven distinct ministries with one common purpose. The mission of CRISTA Ministries is to love God by serving people - meeting practical and spiritual needs so that those we serve locally and internationally will be built up in love, united in faith and maturing in Christ. We seek to see people drawn into a transformational relationship with Christ.

CRISTA Ministries was founded in 1948 as King's Garden. Today, its seven ministries serving locally and internationally are: CRISTA Senior Living, World Concern, King's Schools, CRISTA Media, CRISTA Camps, Christian Veterinary Mission, and Seattle Urban Academy.

World Concern Development Organization ("WCDO"), a separate not-for-profit organization, is the non-ecclesiastical arm of World Concern, shares common facilities and management with World Concern, and is reported in these consolidated financial statements as part of World Concern. WCDO is responsible for administering governmental and other grants.

CRISTA Ministries Canada ("CRISTA Canada") is a not-for-profit organization incorporated under the Canada Corporation Act and registered as a Charitable Organization. CRISTA Canada has an agreement with CRISTA Media to provide programming designed to support individuals in their commitment to practice their Christian beliefs and live the Christian life. CRISTA Canada also has an agreement with World Concern and Christian Veterinary Mission to help provide for the spiritual and physical needs of families in the poorest countries of the world.

**Principles of Consolidation** - The consolidated financial statements include the accounts of CRISTA Ministries, WCDO, and CRISTA Canada (collectively, the "Organization"). All significant inter-organization transactions have been eliminated upon consolidation.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents** - Cash in excess of daily requirements is invested in interest-bearing instruments with maturities of three months or less. Such investments are considered to be cash equivalents, except for those included in the Organization's investment portfolio and subject to its investment policy.

**Cash Held by Field Operations** - Cash held by field operations represents cash forwarded to project field sites for use in carrying out ministry activities.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 1 - Continued

**Grants Receivable** - Grants receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to grants receivable. Grants receivable are due primarily from government agencies and are deemed by management to be fully collectible. Therefore, an allowance for doubtful accounts was not recorded at June 30, 2015 and 2014.

**Pledges Receivable** - Pledges receivable, unconditional promises to give, that are expected to be collected within one year are recorded at net realizable value. Management provides for probable uncollectible amounts through a charge to contribution revenue and a credit to a valuation allowance based on historical trends. The allowance for doubtful accounts was \$360,000 and \$514,000 at June 30, 2015 and 2014, respectively.

Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on these amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. A present value discount was deemed immaterial and thus not recorded at June 30, 2015 and 2014.

**Trade Receivables** - Trade receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to trade receivables. The allowance for doubtful accounts was \$587,000 and \$708,000 at June 30, 2015 and 2014, respectively.

**Property and Equipment Used in Ministries and Depreciation** - The Organization capitalizes assets with a cost greater than \$5,000 and an estimated useful life of three or more years. Purchased property is carried at cost. Donated property is recorded at fair value when received. Depreciation is computed using the straight-line method based on estimated useful lives as follows:

Buildings and improvements 5 - 50 years Furniture and equipment 3 - 10 years Vehicles 3 - 7 years

**Investments and Planned Giving Program Assets** - Investments and planned giving program assets consist primarily of marketable debt and equity securities as well as mutual funds and nonmarketable securities. Investments in marketable securities and the perpetual trust are stated at fair value. Investments in nonmarketable securities, cash and cash equivalents, and real property are stated at the lower of cost or net realizable value.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 1 - Continued

**Captive Insurance Company** - The Organization has contracted with a captive insurance company to insure against professional liability, property damage, and business income/extra expense, and to reinsure against a portion of its general liability, auto liability, and physical damage. The Organization owns a noncontrolling share of the common stock of the captive insurance company and is accounting for this investment under the cost method of investment accounting. The value of this investment in the amount of \$366,000 at June 30, 2015 and 2014, is included in investments.

**Development Loans Receivable** - Development loans receivable represent loans outstanding under the Micro-enterprise Loan Program (MLP) in the countries of Bangladesh and Haiti. The purpose of the MLP is to assist impoverished persons to become self-reliant, successful entrepreneurs. The MLP is administered in accordance with guidelines published by World Concern and is tailored to specific conditions of the host country. The majority of these loans mature in one to two years. Based on management's intent and ability to reinvest collected amounts in the MLP in those countries, the balance has been classified as a long-term receivable and included in assets held by field operations on the consolidated balance sheets. See also Note 8.

Radio Licenses and Other Intangibles - The Organization has capitalized financing fees associated with the issuance of tax-exempt bonds and radio license fees. Financing fees are amortized to expense on a straight-line basis over the bond term. Radio licenses are considered indefinite-lived assets and thus are not amortized but are reviewed on an annual basis for any possible impairment. Management determined there were no events or changes in circumstance indicating an impaired value of the radio licenses at June 30, 2015 and 2014. Total accumulated amortization of intangible assets was \$592,000 and \$561,000 at June 30, 2015 and 2014, respectively.

Concentration of Credit Risk - Financial instruments that potentially subject the Organization to concentration of credit risk consist primarily of receivables, cash and cash equivalents, investments, and development loans receivable (see Note 8). As of June 30, 2015 and 2014, concentration of credit risk with respect to receivables is limited due to a large base of customers consisting of public and private companies representing a variety of industries, government agencies, and individuals in the Pacific Northwest. Cash and cash equivalents are held with banks located in and outside of the United States. As of June 30, 2015 and 2014, 11% and 12% of cash and cash equivalents are held in banks outside of the United States. Investments are held with a variety of financial institutions. Cash, cash equivalents, and investment balances may at times exceed FDIC and SIPC insurance limits. Development loans receivable are due from a large number of loans granted under the Organization's MLP.

**Financial Instruments** - The carrying amount of financial instruments, including cash and cash equivalents, receivables, investments, payables, and long-term obligations, approximates fair value as of June 30, 2015 and 2014, with the exception of investments carried at cost and development loans receivable, which are carried at principal plus accrued interest. It is not practical to estimate the fair value of investments carried at cost.

**Deferred Revenue** - Cash from certain fees for services is received prior to the Organization providing the intended program services. These revenues are deferred until the period in which the services are rendered.

**Entry Fees** - Entry fees represent advance payment for use of retirement facilities. Entry fees are subject to contractual refunds upon death or other termination of residency. The refunds on a majority of the contracts range from 0% to 80% of the entry fees paid, depending upon length of residency. Refundable entry fees are reported as a liability on the consolidated balance sheets. The nonrefundable portion of the entry fee is considered deferred revenue and is amortized to income based upon the life expectancy of the residents.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

#### Note 1 - Continued

The present value of the net cost of future services to current residents is calculated annually to determine if an unfunded liability for those services should be recorded. A discount rate of 6% was used as of June 30, 2015 and 2014. No unfunded liability exists for obligations to provide future services as of June 30, 2015 and 2014. The entry fees balance at June 30, 2015, includes \$699,000 of refundable entry fees that will become nonrefundable after year end.

**Basis of Presentation** - Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified and reported as follows:

<u>Unrestricted Net Assets</u> - Net assets on which there are no donor-imposed restrictions for use or such donor-imposed restrictions were temporary and expired or were met during the current or previous years.

<u>Temporarily Restricted Net Assets</u> - Net assets subject to donor-imposed restrictions that will be met either by actions of the Organization, the passage of time, or for endowment funds.

<u>Permanently Restricted Net Assets</u> - Net assets subject to donor-imposed restrictions to be maintained permanently by the Organization.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor stipulated purpose has been fulfilled or the stipulated time period has lapsed) are reported as reclassifications between the applicable classes of net assets. Contributions where restrictions are satisfied within the same year are reported as unrestricted revenue.

Contributions that the donor requires to be used to acquire long-lived assets (e.g., building improvements, furniture, and equipment) are reported as temporarily restricted. When the long-lived assets are acquired, the Organization reflects the expiration of the donor-imposed restriction as a reclassification included in contributions released from restrictions.

**Foreign Currency Translation** - The functional currency of World Concern's field offices is the local currency in which the office is located. Assets and liabilities of the offices have been translated into U.S. dollars at year-end exchange rates. Revenues and expenses have been translated at average monthly exchange rates. Any translation adjustments are included in the consolidated statements of unrestricted activities.

**Revenues and Gains** - Fees for services, government grants, and miscellaneous income consist of revenues earned during the year. Earned revenue is recognized in the period the service is performed. Government grant revenue is recognized in the period the related expenses are incurred. Contributions are recognized as revenues in the period received, except for unconditional promises to give, which are recognized in the period the unconditional promise is made. Contributions also include noncash gifts (gifts-in-kind), which are valued at estimated fair value at the date of gift (Note 9).

Senior Living recognizes revenue based on estimated net realizable amounts from patients and third-party payors, which includes the Medicaid and Medicare programs. Laws and regulations governing the Medicaid and Medicare programs are extremely complex and subject to interpretation. As a result, there is a possibility that recorded estimates may change.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

#### Note 1 - Continued

**Functional Allocation of Expenses** - The cost of providing program services, fundraising, and general administration of the Organization has been summarized on a functional basis in a supplementary schedules to the consolidated financial statements. Accordingly, certain costs have been allocated between program services, fundraising, and management and general expenses based on actual usage or square footage.

Income Taxes - The Internal Revenue Service (IRS) has determined that CRISTA and WCDO are exempt from federal income taxes under Sections 501(c)(3) and 509(a)(1) of the Internal Revenue Code, with the exception of certain activities that result in unrelated business income which are therefore taxable. There was \$17,000 in federal income tax expense obligation outstanding at June 30, 2015, which is included in accounts payable and accrued expenses in the consolidated balance sheets. There was no federal income tax expense obligation outstanding as of June 30, 2014, due to loss carry backs from prior years and estimated tax payments made in the current year. There are open tax years that are subject to IRS review; however, management has determined that no provision for uncertain tax positions was required at June 30, 2015 and 2014.

CRISTA Canada is registered as a Charitable Organization under tax laws established by the Canada Revenue Agency. It had no taxable income for the years ended June 30, 2015 and 2014.

**Financial Statement Reclassifications** - Certain reclassifications have been made to the prior year consolidated financial statements to conform to the current year presentation. Such reclassifications have no effect on the consolidated change in net assets or consolidated net asset balances as previously reported.

**Subsequent Events** - The Organization has evaluated subsequent events through September 17, 2015, the date on which the consolidated financial statements were available to be issued.

### Note 2 - Cash and Cash Equivalents

Cash and cash equivalents consisted of the following as of June 30:

	(In Thousands)			
	2015		2014	
Cash CD's, commercial paper, and other	\$ 21,376 583	\$	15,363 775	
Total Cash and Cash Equivalents	\$ 21,959	\$	16,138	

Cash and cash equivalents include \$ 2,326,000 and \$1,973,000 at June 30, 2015 and 2014, respectively, of funds on deposit in banks in foreign countries.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 3 - Pledges Receivable

Pledges receivable are due as follows as of June 30:

	(In Thousands)			
		2015		2014
Pledges due in less than one year Pledges due in one to five years	\$	528 527	\$	850 488
Less allowance for uncollectible pledges		1,055 (360)		1,338 (514)
Pledges Receivable, Net	\$	695	\$	824

The allowance for uncollectible pledges was determined by management based on historical trends. A present value discount was deemed immaterial and thus not recorded at June 30, 2015 and 2014.

Pledges receivable are presented on the consolidated balance sheets as follows as of June 30:

	(In Thousands)				
		2015		2014	
Pledges receivable, current portion	\$	383	\$	546	
Long-term pledges receivable, net		312		278	
Pledges Receivable, Net	\$	695	\$	824	

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 4 - Investments and Planned Giving Program Assets

Investments and planned giving program assets consisted of the following as of June 30:

	(In Thousands)			
		2015		2014
Investments-				
Cash and cash equivalents (at cost)	\$	414	\$	207
Marketable equity securities		16,144		16,960
Marketable debt securities		8,146		6,414
Nonmarketable debt securities (at cost)		219		305
Nonmarketable equity securities (at cost)		366		366
Real property (at cost)		250		250
		25,539		24,502
Planned giving program assets-				
Cash and cash equivalents (at cost)		28		50
Marketable equity securities		722		1,429
Marketable debt securities		918		527
Beneficial interest in perpetual trust held by third party		1,496		1,512
		3,164		3,518
Total Investments and Planned Giving Program Assets	<u>\$</u>	28,703	\$	28,020

### Note 5 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

<u>Level 2</u> - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 5 - Continued

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. These financial instruments were valued using a market approach.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015 and 2014.

<u>Mutual Funds</u> - Valued at quoted market prices in active markets, which represent the net asset value (NAV) of shares held by the Organization at year-end.

Equity Securities - Valued at the closing price reported on the active market on which the securities are traded.

<u>Fixed Income and Mortgage Backed Securities</u> - Valued using bid evaluations from similar instruments in actively traded markets.

<u>Real Estate Investment Trust and Perpetual Trust</u> - Valued at the Organization's share of the trust's assets, which are reported at fair value.

# Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 5 - Continued

A reconciliation of the beginning and ending balances, by each major category of assets, for fair value measurements made using significant unobservable inputs (Level 3) follows:

	Fair Value Measurements (In Thousands)				nds)	
		Real Estate nvestment Trust		Perpetual Trust		Total Level 3
Balance as of July 1, 2013	\$	527	\$	1,382	\$	1,909
Total gains (realized/unrealized)		(27)		130		103
Balance as of June 30, 2014		500		1,512		2,012
Total (losses) gains (realized/unrealized)		8		(16)		(8)
Balance as of June 30, 2015	\$	508	\$	1,496	\$	2,004

While the real estate investment trust asset is intended as a long-term holding, shares may be redeemed under the Trust's redemption program. Any shareholder that has held shares for at least one year from the date of acquisition may present all or any portion of such shares for redemption at any time. However, share redemptions may be limited by the Trust's available cash flow. The perpetual trust represents the Organization's interest in trust assets (Note 7). Annual distributions are made from the trust by the trustees; therefore, no redemption terms or restrictions apply. There are no unfunded commitments on these investments at June 30, 2015 and 2014.

A reconciliation of the investments and planned giving assets measured at fair value on a recurring basis to total investments is as follows as of June 30:

	(In Thousands)			
		2015		2014
Assets recorded at fair value on a recurring basis Assets recorded at cost	\$	27,426 1,277	\$	26,842 1,178

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 6 - Property and Equipment Used in Ministries

Property and equipment used in ministries consisted of the following as of June 30:

	(In Thousands)			
	2015			2014
Land	\$	6,385	\$	9,535
Buildings and improvements Furniture, equipment, and other		109,470 18,531		108,450 18,374
Construction in progress		4,020		679
Total property and equipment before depreciation		138,406		137,038
Less accumulated depreciation		(73,851)		(69,098)
Property and Equipment, Net	\$	64,555	\$	67,940

During the year ended June 30, 2015, the Organization placed its Everett property up for sale. The property is included in the statements of financial position as property held for sale at the net carrying value of the property, \$3,150,000, as of June 30, 2015. On March 13, 2015, the Organization signed a purchase and sale agreement to sell this property for the price of \$3,600,000. Closing on the sale is contingent on the buyer not terminating the agreement during the feasibility period, which ends April 1, 2016. Subsequent to year end, the Buyer had a scheduled payment due on September 9, 2015 in the amount of \$10,000 and the Buyer did not make that payment. Pursuant to the terms of the agreement, the agreement terminates as a result of the non-payment; however, the Buyer continues to evaluate the property for possible purchase.

### **Note 7 - Planned Giving Program**

Irrevocable Trusts - The Organization is a beneficiary of irrevocable unitrusts and testamentary trusts administered by the Organization. The trusts provide for annual distributions of 6% to 7% of the value of trust assets to be paid to the trust grantors. The trusts all terminate upon the death of the various grantors, at which time the remaining assets will be distributed to the Organization and other beneficiaries. The trust assets are valued at fair value and totaled \$829,000 and \$1,083,000 at June 30, 2015 and 2014, respectively. The trust liabilities are valued at the present value of the estimated future distributions to be paid to the trust grantors discounted at rates of 6% to 7% and totaled \$715,000 and \$925,000 and at June 30, 2015 and 2014, respectively.

Gains or losses from the change in trust liabilities are recorded as temporarily restricted contribution revenue. When trusts are initially established the Organization records temporarily restricted contribution revenue equal to the value of trust assets received less the trust liability. The Organization recorded a loss of (\$44,000) and a gain \$115,000 during the years ended June 30, 2015 and 2014, respectively, related to the change in trust assets and liabilities. This gain or loss is included in the temporarily restricted net realized and unrealized (losses) gains on investments on the consolidated statements of changes in net assets. There were no contributions to irrevocable trusts during the years ended June 30, 2015 and 2014.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 7 - Continued

Annuities - The Organization administers gift annuities for which it is obligated to make periodic distributions to designated beneficiaries. When contributed assets are initially received, the assets are recorded at fair value as general assets of the Organization, and temporarily restricted contribution revenue is recorded equal to the value of contributed assets received less the annuity liability. The fair value of annuity assets totaled \$822,000 and \$820,000 as of June 30, 2015 and 2014, respectively. The present values of the payments due to the beneficiaries are recorded as liabilities and totaled \$735,000 and \$742,000 as of June 30, 2015 and 2014, respectively. Net present values are calculated based on the expected lives of the beneficiaries and using the applicable federal discount rate at the date of the gift. The annuity liability is revalued annually based upon actuarially computed present values. The segregated funds the Organization maintains exceed the actuarial value of the annuity liability by at least 10% as required by Washington state law.

**Gift Loan Agreements** - Gift loan agreements represent demand notes with interest rates of 5% that become contributions to the Organization upon the death of the note holder. Gift loan agreement liabilities totaled \$17,000 and \$103,000 at June 30, 2015 and 2014, respectively, and the Organization has set aside sufficient assets to cover these liabilities.

**Perpetual Trust** - The Organization is named as one of several beneficiaries of a perpetual trust. Under the terms of the trust, an independent trustee will make annual distributions, in perpetuity, to the Organization based upon the Organization's 3% percent share of the trust assets' fair value. That share totaled \$1,496,000 and \$1,512,000 at June 30, 2015 and 2014, respectively, and is included in permanently restricted net assets. The Organization received distributions totaling \$73,000 and \$71,000 for the years ended June 30, 2015 and 2014, respectively. The distributions are available for general operations. Changes in the value of the underlying assets of (\$16,000) and \$130,000 for the years ended June 30, 2015 and 2014, respectively, have been recorded in the accompanying consolidated statements of changes in permanently restricted net assets as net realized and unrealized (losses) gains on investments.

Planned giving program assets were as follows as of June 30:

	(In Thousands)			
		2015		2014
Irrevocable trusts	\$	829	\$	1,083
Annuities		822		820
Gift loan agreements		17		103
Perpetual trust		1,496		1,512
Total Planned Giving Assets	<u>\$</u>	3,164	\$	3,518

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 7 - Continued

Planned giving program liabilities were as follows as of June 30:

	(In Thousands)			
		2015		2014
Irrevocable trusts	\$	715	\$	925
Annuities		735		742
Gift loan agreements		17		103
Total Planned Giving Liabilities	<u>\$</u>	1,467	\$	1,770

### Note 8 - Development Loans Receivable

The Organization makes loans under the Micro-enterprise Loan Program (MLP) to assist impoverished persons to become self-reliant, successful entrepreneurs in the countries of Bangladesh and Haiti. The loans are funded by temporarily restricted contributions, and amounts collected on these loans are reinvested in the MLP to fund future loans. The MLP balance is included in the consolidated balance sheets as a part of assets held by field operations.

Development loans receivable, by country, and the allowance for doubtful accounts were as follows as of June 30:

	(In Thousands)			
		2015		2014
Receivables from individuals in-				
Bangladesh	\$	3,489	\$	3,884
Haiti		906		1,029
		4,395		4,913
Less allowance for doubtful accounts-				
Beginning balance		(421)		(347)
Provision for loan losses		(196)		(162)
Loans written off		28		88
		(589)		(421)
Microloans Receivable, Net	\$	3,806	\$	4,492

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 8 - Continued

The following amounts were past due under the MLP as of June 30:

	(In Thousands)			
		2015		2014
Less than two years	\$	622	\$	461
Two to five years		261		109
Five years or greater		6		35
Total Loans Past Due	\$	889	\$	605

The average loan size was \$291 and \$290 at June 30, 2015 and 2014, respectively. Maturities on the loans range from two months to two years. Allowances for doubtful accounts are established based on prior collection experience, current economic factors and management's review of individual account balances. Loans under the MLP are written off only when they are deemed to be permanently uncollectible, and interest continues to accrue until the loan balances are paid in full. Assessed impairment of certain loans is included in the allowance for doubtful accounts.

The Organization is subject to certain business risks that could affect net assets. These risks include geographic concentrations in the following developing countries which represent 15% or more of the total development loans receivable at June 30:

Country	2015	2014
Bangladesh	79%	79%
Haiti	21%	21%

A summary of assets held by field operations is as follows for the years ended June 30:

	(In Thousands)			
		2015		2014
Microloans receivable, net Other overseas assets	\$	3,806 210	\$	4,492 347
Assets Held by Field Operations	\$	4,016	\$	4,839

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 9 - Gifts-In-Kind

The Organization receives contributions of clothing, health supplies, and other commodities for use in its various programs and medicines at amounts significantly below fair value. Such gifts are recorded as inventory and revenue at the time received and as a reduction of inventory and as a program services expense when the distributing agency has received the goods. These gifts are recorded at their fair value based on product like-kind analysis and current estimated wholesale prices as available. Gifts-in-kind (GIK) are recorded in accordance with U.S. GAAP and in consideration of Accord GIK Interagency Standards.

The Organization obtains deworming medicine that is distributed to children and adults in several countries in Africa and Asia. The Organization purchases this deworming medicine and records such purchases at cost and records any difference between cost and fair value as a contribution, per applicable accounting standards, where fees paid are significantly below fair values.

The Organization obtains market data that it believes is representative of fair value for the deworming medicine it distributes in multiple relevant international markets. Such industry standards are subject to review and adjustment; therefore, estimates of fair value of donated medicines may vary in the future.

The Organization did not facilitate unrecorded GIK to be used by other not-for-profits during the years ended June 30, 2015 and 2014. The Organization only records the value of GIK for which the Organization was the original recipient of the gift, was the end use agency, was involved in partnership with another organization for distribution internationally, or used the GIK in its own programs.

A summary of GIK revenue is as follows for the years ended June 30:

	(In Thousands)			
		2015		2014
Medicines and medical supplies	\$	10,002	\$	9,720
Clothing		348		22
Advertising		278		
Other supplies		312		292
Total Gifts-In-Kind Revenue	<u>\$</u>	10,940	\$	10,034

For the year ended June 30, 2015, the Organization distributed approximately 8.8 million deworming pills to children and adults in several countries compared to approximately 8 million pills distributed during the year ended June 30, 2014. Of the total GIK for both years ended June 30, 2015 and 2014, 91% and 97%, respectively, came from a single source.

# Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 10 - Long-Term Obligations

Long-term obligations consisted of the following as of June 30:

	(In Thousands)			s)
		2015		2014
Tax exempt private placement bonds issued in December, 2010 to refinance prior bonds and provide for refurbishment of senior living facilities - interest was fixed at 3.7% until October 1, 2013; after this date, interest is charged at 3.45% per annum. Payments are due in monthly installments through January 1, 2026. Subsequent to year end, the interest rate was adjusted to 2.61% per annum as described below.	\$	10,199	\$	10,979
Deferred employee benefits		207		249
Obligations for future services		272		284
		10,678		11,512
Less current portion		(810)		(781)
Total Long-Term Obligations	\$	9,868	\$	10,731

Interest expense, including letter of credit fees, was \$398,000 and \$436,000, for the years ended June 30, 2015 and 2014, respectively.

At June 30, 2015, the tax-exempt bonds were secured by land, buildings, and equipment with aggregate net book values of \$18,470,000 and \$18,677,000, at June 30, 2015 and 2014, respectively. The Organization is in compliance with all restrictive covenants. Subsequent to year-end, on September 11, 2015, the Organization renegotiated the interest rate on the existing bonds to a fixed interest rate of 2.61%, and maintained the same amortization period.

Principal maturities on long-term obligations are as follows:

For the Year Ending June 30,	(In Thousands)
2016	\$ 810
2017	840
2018	872
2019	905
2020	939
Thereafter	6,312_
Total Principal Maturities	\$ 10,678

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

#### Note 10 - Continued

The Organization has a line-of-credit agreement expiring November 30, 2015, which provides for a total commitment of \$2,500,000. There was no outstanding balance at June 30, 2015 and 2014. The Organization was in compliance with covenants on the line-of-credit agreement during fiscal years 2015 and 2014.

Deferred employee benefits include a salary continuation agreement with a former key officer and a reserve for workers' compensation liability (Note 13).

### Note 11 - Endowment

The Organization's endowments consist of a number of funds established for a variety of purposes. Its endowments include both donor-restricted permanent endowment funds and temporarily restricted funds set up to function as endowments but allowing for the possibility of spending of corpus, if necessary. As required by U.S. GAAP and as disclosed below, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees of the Organization has reviewed the Washington State Prudent Management of Institutional Funds Act (PMIFA) and, having considered its rights and obligations thereunder, has determined that it is desirable to preserve, on a long-term basis, the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this determination, the Organization classifies as permanently restricted net assets the original value of gifts to the permanent endowment, the original value of subsequent gifts to the permanent endowment, and accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by PMIFA. In accordance with PMIFA, the Organization considers the:

- Duration and preservation of the fund;
- Purposes of the Organization and the donor-restricted endowment fund;
- General economic conditions;
- Possible effect of inflation and deflation;
- Expected total return from income and the appreciation of investments;
- Other resources of the Organization; and
- Investment policies of the Organization.

Contributions Distributions				103 (237)		278		381 (237)	
Endowment Net Assets, June 30, 2014	\$	(403)	\$	4,139	\$	3,067	\$	6,803	

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

#### Note 11 - Continued

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or U.S. GAAP requires the Organization to retain as a fund of perpetual duration. In accordance with U.S. GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$332,000 and \$403,000 as of June 30, 2015 and 2014, respectively. These deficiencies resulted from unfavorable market fluctuations occurred after the investment of new permanently restricted contributions and continued appropriation for certain programs that were deemed prudent by the Board of Trustees. Subsequent gains that restore the fair value of the assets of the endowment fund to the required level will be classified as an increase in unrestricted net assets.

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment assets. Endowment assets include those assets of donor restricted funds that the Organization must hold in perpetuity or for a donor specified period. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce an average annual rate of return of approximately 7%, or the Consumer Price Index plus a risk premium of 3%, whichever is greater over a five-year investment horizon in a manner that seeks to minimize principal fluctuations over the investment time horizon. Actual returns may vary significantly from this objective in any given year.

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through capital appreciation, realized and unrealized gains, and current yield such as interest and dividends. The Organization targets a diversified asset allocation to achieve its long-term return objectives within prudent risk constraints.

The Organization has a policy of appropriating for distribution approximately 5% of the market value of endowment assets on an annual basis. In establishing this policy, the Organization considered the long-term expected return on its endowment and its desire to maintain a predictable stream of funding to programs supported by its endowment assets. Accordingly, over the long-term, the Organization expects the current spending policy to allow its endowment to grow at an average 2% annually. This is consistent with the Organization's objective to provide real growth to its endowment through new gifts and investment returns.

### Note 12 - Crosspoint Academy Lease

On June 29, 2012, the Organization signed an agreement to lease its Crosspoint Academy building to another entity (the "Lessee"). Crosspoint Academy is a K-12 school located in Bremerton, Washington. The Lessee operates its own Christian school in the Crosspoint building beginning July 1, 2012. The agreement allows for below market rent beginning in July 2012 and includes clauses increasing rent during the term of the lease based on enrollment. The agreement also includes a purchase option that must be exercised in writing no later than sixty days prior to the end of the lease term on June 30, 2017.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2015 and 2014

### Note 13 - Commitments and Contingencies

**Leases** - The Organization is obligated under various operating leases for office equipment, office and radio tower space. Lease expense for the years ended June 30, 2015 and 2014, was \$610,000 and \$559,000, respectively. Future minimum lease payments for operating leases that have initial or remaining noncancelable lease terms in excess of one year are as follows:

For the Year Ending June 30,	(In Th	ousands)
2016	\$	590
2017		492
2018		470
2019		378
2020		346
Thereafter		564
Total Future Minimum Lease Payments	\$	2,840

**Employee Retirement Benefits** - The Organization offers a Section 403(b) savings plan to eligible employees. Employees may contribute amounts from their salaries to the plan up to the limits specified by the Internal Revenue Service. The Organization contributes 3% of earnings annually to each eligible employee's account. The Organization matches up to 4% additional contributions to an eligible employee's account based upon years of service to the Organization. Employer provided funds are vested to the employee at 20% per year until fully vested after five years. Total employer contributions expensed during the years ended June 30, 2015 and 2014, were \$1,638,000 and \$1,238,000, respectively.

Other Employee Benefits - The Organization offers employees an option to participate in a self-insured health plan. The Organization also maintains a self-insured workers' compensation plan. Claims under these plans are self-insured with stoploss umbrella policies in place to limit maximum potential liability for both individual claims and total claims for a plan year. Claims are paid as they are submitted to the plan administrators. The Organization maintains an accrual for claims that have been incurred but not yet reported (IBNR) to the plan administrators. The IBNR reserve is based on the historical lag period and current payment trends of health insurance claims (generally 2-3 months) and workers compensation claims (generally 1-3 years). The IBNR reserve for health care is based on the historical claims as computed by the insurance broker's actuaries (generally 15 months), less payments made, and is included in accounts payable and accrued expenses on the consolidated balance sheets. The liability for the workers' compensation benefit claims due in less than one year are recorded in accounts payable and accrued expenses while the liability for claims greater than one year are recorded in long-term obligations (Note 10) in the accompanying consolidated balance sheets.

**Contingencies** - Amounts received under federal grant-in-aid programs are subject to audit and adjustment by the granting agency. Any adjusted amounts, including funds already received, may constitute a liability of the Organization. Management believes adjustments required, if any, as a result of audits will not have a material effect on the Organization's financial position or results of activities.

In the normal course of business, the Organization has various claims in process, matters in litigation, and other contingencies. In management's opinion, the outcome from these matters will not materially impact the Organization's financial position or results of activities.
